This is to certify that **Mr. Hans Leitert** has worked in our company as an assistant gymnast (goalkeeper's gymnast) from 01-11-2005 till 10-07-2007.

During his employment he demonstrated excellent performance, worked very well in groups and performed successfully under pressure. He was always willing to work hard and he was eager to improve his knowledge, combining these qualifications with an intense and practical interest in the subject he was involved.

He constantly collected data and presented reports to the club regarding his work area. He collaborated at a very high level with his colleagues and he managed to contribute with his innovative ideas to the team's progress as well as the establishment of a great team spirit.

He is a paradigm of professionalism, with a very good personality and leadership skills.

Unfortunately, after the change of our team's head coach, Mr. Hans Leitert and our company agreed to mutually terminate this co-operation.

Therefore, I highly recommend him and wish him the best of luck in the future.

Yours sincerely,

**For Panathinaikos FC**
